## **TEXTUBE CORP. RECEIVES SAFETY AWARD**

**GREER, S.C.** – Textube Corp. has received a 2001 Certificate of Safety Achievement award from the State of South Carolina. The international manufacturer of textile yarn carriers and Creform Modular Material Handling Systems was recognized for its “outstanding achievements in occupational safety and health”.

The award, given by the S.C. Department of Labor, Licensing and Regulation, recognized Textube for reducing its injury and illness incidence rate by at least 40 percent between 2000 and 2001.

“Employee health and safety is a top priority,” said Scott Schwarz, vice president of sales and marketing for Textube. “We continually look for ways to promote a safe working environment and are honored to receive this recognition from the State.”

Textube Corporation manufactures a full line of yarn carriers for roving, spinning (ring, open-end, friction and air-jet), twisting, doubling, winding, warping, knitting, etc. Textube also manufactures the Creform Modular Materials Handling System, which allows users to custom design and build very specific material handling solutions. Examples include carts, work stations and flow racks. For additional information, please visit [www.textube.com](http://www.textube.com).
